Design Review #3

Olympic Developers

Team Introduction

Project Title: Olympic Sport Training Camp Management Portal

Team Mentor: Melissa Rose

Developers:

Jason Gaglione   Collin Rampata   Peter Galvan   Camden Hortline

Introduction to HYPO2

HYPO2 is a high altitude training center for world class athletes.
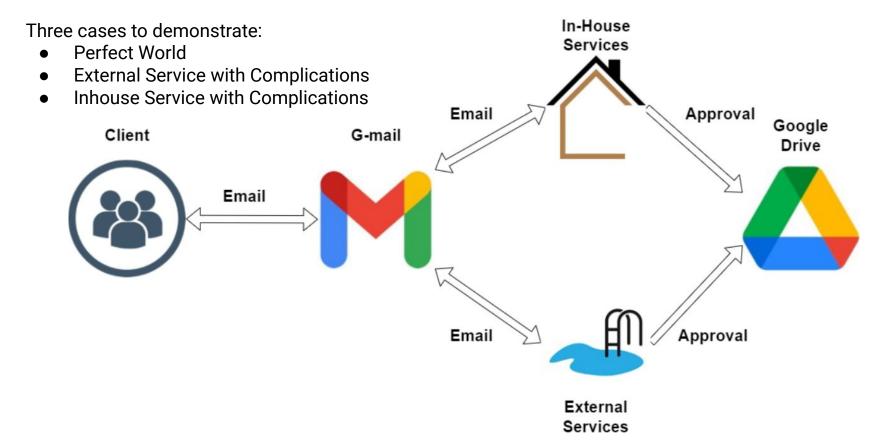

Sean Anthony
Founder and CEO
of HYPO2

Importance of HYPO2

- 40 plus countries have traveled to HYPO2 training camps
- 85 medals have been received over the last 2 Olympics by HYPO2 clients

WorkFlow of HYPO2

Three cases to demonstrate:
- Perfect World
- External Service with Complications
- Inhouse Service with Complications
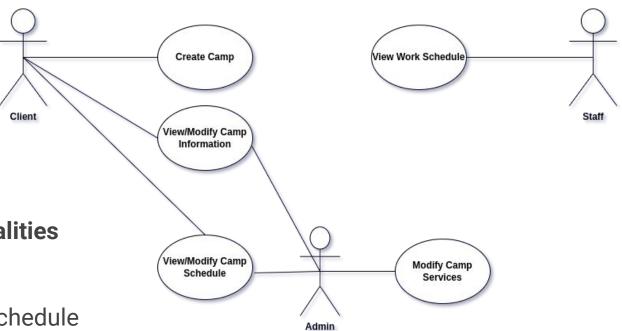

Envisioned WorkFlow of HYPO2

Requirements

Shared Functionalities
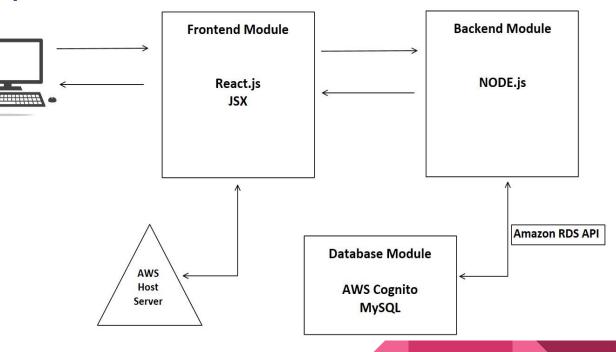

- User Accounts

- User Validation

Account-Specific Functionalities

- Create Camp

- View/Modify Camp Schedule

- View/Modify Camp Information

- View Work Schedule

- Modify Camp Services

Architecture and Implementation

- **M** - MySQL
- **E** - Express
- **R** - React
- **N** - Node.js

Frontend Module

React.js
JSX

Backend Module

NODE.js

AWS
Host
Server

Database Module

AWS Cognito
MySQL

Amazon RDS API

Confirm/Setup a Camp Admin User

Other Prototype Features

- Approving/Declining Requests (Admin/Staff Users)

- Staff User's Accounts (Staff Users)

- Automated Billing (Admin/Client Users)

- Roster (Admin/Client Users)

- Update Pricing of Services (Admin User)

- Master Calendar (Admin User)

- Delete/Archive Camps (Admin User)

- View Camp Summary (Admin/Client Users)

Challenges and Resolutions

Over the course of development, the team encountered many obstacles:

- Account Creation
    - 3 different types of users
    - Pivoted on how accounts are created
- Billing Table
    - Seasonal Rates

Testing Plan

- Unit Testing
  - Testing all methods for proper returns such as Post, Get, Delete methods and Intake and add event forms
- Integration Testing
  - Testing proper connections between our 3 modules Front end, backend and database
- Usability Testing
  - Making sure the UI and application are usable by the intended audience.

1. I thought this [software feature] was easy to use.

Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
1	2	3	4	5

2. I think that I would like to use this [software feature] frequently.

Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
1	2	3	4	5

3. I imagine that most people would learn to use this [software feature] very quickly.

Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree
1	2	3	4	5

Schedule

TASK	START	END	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14	Week 15	Week 16
Database schema	1/10/22	1/31/22																
Client User Signup & login & personal accounts	1/10/22	2/7/22																
Client User Request Camp	1/17/22	2/7/22																
Admin User Login	1/31/22	2/14/22																
Admin User Set Up Camp	2/7/22	2/28/22																
Client User Request of services	2/7/22	2/28/22																
Client User Cancellation of Services	2/7/22	2/28/22																
Staff User Viewable Calendar	2/28/22	3/14/22																
Staff User Login	2/28/22	3/14/22																
Billing Services	3/7/22	3/21/22																
Admin User Price Updates	3/7/22	3/21/22																
Client User Phase Testing	3/14/22	4/11/22																
Admin User Phase Testing	3/14/22	4/11/22																
Clean up UI/UX	3/14/22	4/18/22																
Final App Testing	3/14/22	4/18/22																
Final Project Delivery	4/11/22	5/2/22																

visual color key

Purple is for all Users

Blue is for Client User

Grey is for Admin User

Red is for Staff User

Orange is for end documentation

Green if for finished tasks

Dark Green cell is the week we currently are on

Conclusion

- Team Olympic Developers solutions
  - Produce a web application to centralize all of HYPO2's needs.
  - Limit external messaging platforms.
  - Eliminate the use of Google Drive.
  - Provide an easy to use service for HYPO2's clients.

This project is not only the first step for HYPO2 but the first step for the Olympic Industry in easing the lives of the people supporting these world class athletes.
